The Committee’s timeline directs the Committee to provide a draft report back to the Board at the December BOT meeting and the Committee plans to provide a final report for approval by the Board of Trustees at the March 2020 meeting.

The FY 2019-20 Consolidated Operating Budget for the University of West Florida is due to the Florida Board of Governors in August 2019. It contains the following fund groups: Education and General, Auxiliaries, Contracts and Grants, Athletics, Student Activity, Financial Aid, Concessions, Technology, and Board Approved Fees (Green Fee).

As a member of the State University System of Florida, UWF operates within the policies and rules of the Legislature, the Florida Board of Governors, and the UWF Board of Trustees. The budget and funds allocated in the UWF FY 2019-20 Consolidated Operating Budget are within the authority provided by the 2019 General Appropriations Act and by Florida Statues.

6. **Approval of Fiscal Year 2020/2021 -Fixed Capital Outlay Plan** was presented by Ms. Betsy Bowers, Vice President Finance and Administration.

The Board of Trustees approved the FY2019/2020 Fixed Capital Outlay Plan on June 5, 2018. The plan aligns with the May 2017 Educational Plant Survey Team's recommendation. The University requests that the Board of Governors recognize the board-approved plan within the forthcoming Three-Year PECO Project List. This report, which captures the institution's comprehensive capital plan for the Board of Governors Chancellor's Office, identifies the following categories: CITF Project Requests, Projects from Other State Sources, and Requests from Non-State Sources, Including Debt.

The University carefully considered current facilities, building space utilization, future programs and FTE enrollment growth when identifying project requirements and prioritization. The project building programs have been approved by the Board of Trustees. Key points of this Plan as compared to the FY2019/2020 Board of Trustees approved plan are the following:

1. Capital Renewal Infrastructure - This has not been funded for the last seven (7) fiscal years. The University’s estimated deferred maintenance backlog is over $47 million.
2. Campus Roof Critical Replacement - $8.2 million.
3. Campus HVAC Critical Replacement - $8.34 million.
5. Classrooms and ROTC – Buildings 77 & 78, Rehabilitation and Annex
6. Science Collections Laboratory and Auditorium
7. Science and Engineering Research Wing

The Board of Trustees approved the FY2019/2020-2023/2024 Five Year Plan for Educational and General (E&G) buildings during the June 5, 2018, meeting. The Board of Governors obtains a proposed project list from each of the State University System universities and presents it to the Legislature and Governor, along with requests from state colleges and public schools. The Legislature then determines which projects are funded. This process is pursuant to Florida
Statutes 1013.64, 216.0158, and 216.043. Project funding is obtained from the Public Education Capital Outlay (PECO) fund, which is a portion of the gross receipts tax on utilities, including electricity, telecommunications, and cable. The updated 2020/2021-2024/2025 five-year Fixed Capital Outlay Plan reflects priorities endorsed by President Saunders including an emphasis on UWF as a destination place for our students, faculty, staff, community, and region. The Campus Master Plan will be internally updated to reflect the projects and priorities outlined in this updated Fixed Capital Outlay Plan. The PECO eligible project budgets will again be updated prior to August 1, 2019, submittal date to the Board of Governors. The plan presented today has changed from the May 15, 2019, Finance, Facilities & Operations Committee presentation. Two projects were removed as they are now eligible to be paid from carryforward funds per new legislation. The two removed were Campus Roof Critical Replacement and the Campus HVAC Critical Replacement. The remaining five projects are listed below.

Priority
1. Capital Renewal Infrastructure
2. Building 54, Fire Mitigation
3. Classroom and ROTC - Buildings 77 & 78 Rehabilitation

The Capital Improvement Trust Fund (CITF) project list was approved by the Student Life and Services Committee March 21, 2019. The committee revised the priority list, including 2019/2020 projects, as summarized below:
