This distinguished award is designed to recognize and honor individuals who have sustained professional distinction in the higher education field; served in leadership roles in NASPA; are recognized by their colleagues, students or student organizations for extraordinary service; and have made significant lifetime contributions to the field of higher education. Bailey serves on the NASPA Foundation Board and has held a variety of roles within the organization. Bailey also co-authored a chapter in the NASPA publication, *Beginning your journey: A Guide for New Professionals in Student Affairs*. Bailey has provided leadership and oversight to countless individuals within the realm of student affairs for more than 20 years. Congratulations Bailey!!!

- President Bense announced UWF junior, Joseph Smith, was recently named the recipient of the prestigious Benjamin A. Gilman International Scholarship, which awarded him $5,000 to study abroad. During the Spring 2015 semester, Joseph will study in Morocco through the International Studies Abroad program. A first-generation student and international studies and finance major, Joseph plans to pursue a career in public international law, working for an organization such as the United Nations, NATO, International Monetary Fund, or World Bank Group.

In addition to gaining firsthand experience in addressing environmental issues, Talia was also able to attend lectures on topics such as global climate research through NASA. Talia credits UWF’s extensive environmental science program for giving her the knowledge and experience needed to succeed in the NASA DEVELOP Program.

**Academic Affairs**

- Dr. Bense reported that UWF Master of Public Health Program recently achieved re-accreditation from the Council on Education for Public Health through 2021. By being approved for re-accreditation, the program will maintain its stature among other CEPH-accredited public health schools and programs. It also ensures that our graduates will be able to sit for the National Board of Public Health Examiners certification. This program has been fully offered online since 2006 and has been ranked among the top online public health programs by GraduatePrograms.com, GetEducated.com, and TheBestSchools.org.

- She explained that UWF was recently ranked No. 35 out of the Top 100 Four-Year Colleges in the “Best for Vets: Colleges 2015” list by Military Times. This list is developed using a detailed questionnaire with more than 100 questions that analyze
each school’s complete offerings for veterans. It serves as a tool for service men and women to determine the school and degree program that will most effectively benefit them. The rankings factor in service member enrollment, percentage of tuition covered by the GI Bill and availability of specific programs to help service members. Our UWF Military and Veterans Resource Center assists military and veteran students as they transition from a military environment to campus life.

- Dr. Bense reported that in October, UWF Department of Nursing hosted the grand opening of their Nursing Skills and Simulation Learning Center. The center includes a Department of Nursing Informatics, or DONi Computer Lab, as well as a simulation room, debriefing room, and open lab spaces designed to provide nursing students with immersive learning experiences. The DONi Computer lab is designed for student and faculty training and development of knowledge and skills necessary to implement clinical informatics, such as electronic health records.

- She added, in October, UWF and Florida State University College of Law announced a partnership to offer a 3+3 Accelerated Law Program, allowing aspiring attorneys to reduce the time they spend working toward a law degree. The 3+3 program allows students to earn their bachelor’s and juris doctor degrees in 6 years rather than the traditional 7 years, saving a year of time and money. Students will spend 3 years at UWF and 3 years at FSU College of Law.

- During this Fall semester, Dr. Bense explained, Pen Air Federal Credit Union and the University of West Florida Executive Mentor Program hosted the inaugural “Financial Boot Camp” in the College of Business. The Boot Camp hosted financial professionals as guest lecturers who presented topics such as “Understanding Credit”, and “How to Budget your Finances After College”. These lectures were designed to prepare students with the essential financial literacy they require prior to accepting their first professional position after graduation. The Boot Camp was established through a recent gift commitment made by Pen Air Federal Credit Union in support of UWF College of Business students.

- Dr. Bense remarked that UWF’s Department of Computer Science hosted two student teams from Pine Forest High School for the online state rounds of the CyberPatriot National Youth Cyber Defense Competition last week. Pine Forest is the first high school in the Escambia County School District to compete in the national cybersecurity competition. With support from the UWF Innovation Institute, Center for Cybersecurity and the school district, more than 2,150 middle and high school student teams were registered for the national competition this year. Earlier this year, UWF established a mentor relationship with Pine Forest High, which is home to the school district’s only Cyber Academy. The collaboration is part of the UWF Center for Cybersecurity’s efforts to gain Center for Academic Excellence designation from the National Security Agency and Department of Homeland Security.

- She shared that this fall, UWF welcomed an incoming class of freshmen students, 13 of whom are the recipients of the University’s most prestigious scholarships. The
Scholarships were awarded as part of the inaugural President’s Scholarship Competition. 141 high school seniors vied for the scholarships. Students were invited to participate based on their high school GPA and ACT/SAT scores. Scholarships awarded for this academic year include 7 Pace Presidential scholarships (totaling more than $50,000) and 6 John C. Pace, Jr. Honors scholarships that cover the students’ tuition and fees, room and board in Pace Hall, and funding for an off-campus educational experience. 133 additional scholarships ranging from $12,000-$20,000 were awarded to students in this year’s freshman class.

- She reported that from July 1, 2014 to December 3, 2014, Research & Sponsored Programs has submitted 53 Proposals for a total of $11,811,178; and has received 34 Awards for a total of $3,280,908.

**Advancement**

- Dr. Bense said UWF Historic Trust is proud to house the “Voices of Pensacola.” This multicultural center highlights Pensacola’s diverse history. Through a $605,000 gift from Gulf Power Company and Southern Company, the UWF Historic Trust was able to transform one of its downtown properties, previously known as the Beacon Building, into Voices of Pensacola. In addition to the multicultural exhibits displayed, a digital recording station is available to record the oral histories of residents, visitors, and others who have greatly impacted this region.

- Dr. Bense gave the board Development Highlights:
  - A gift of $770,000 was made by the Trust of John Thayer & Joan Ames Burr to support the UWF Athletics Program and Undergraduate Research Endowment.
  - On November 18, we experienced a record-breaking attendance of over 200 guests at our annual Donor Recognition Dinner.
  - At the dinner, a video was shown recognizing The Lewis Bear Family Foundation for their phenomenal contribution to the University.
  - Ann Belleau was awarded the Presidential Medal of Honor recognizing her dedicated service and contribution to the University and the community.
  - Nancy Fetterman was named UWF Foundation Fellow, acknowledging her dedicated service as a board member to the UWF Board of Trustees and the UWF Foundation Board.

- She explained that UWF has seen an increase of over 300% in alumni engagement and affinity through alumni attendance at special University events such as: Blue Wahoos, Workplace Lunches, Speaker Series, Homecoming Week, Research Conference, Graduation Celebration Cookout and the Pen Air Grand Opening.

- She said currently UWF has a membership of 31 for the UWF Football Founders. UWF Football continues to attract renewed interest in UWF, as well as new donors. Currently 97 out of 100 football uniforms have been funded.

- She gave some highlights of recent major gifts that included:
  - $ 100,000 from Joe Ambersley for Men’s Basketball and Athletics
  - $36,000 from the Art Culture and Entertainment, Inc. for the Dept. of Art and Center for Fine and Performing Arts
• $25,000 from Ranga R. Krothapalli for the Professor Emeritus Swarna Krothapalli Endowment
• $20,000 from Sandy Sansing towards Need Based Athletic Scholarship
• The 2014-2015 fundraising goal is $3.6 million. Over the last six months, we have received $1.76 million in gifts putting us near 50% in achieving our goal.

Government Relations
• Dr. Bense reported that the State Legislature is all set and ready to go starting in January. They will decide how much state funding we will receive, how much tuition will cost, they will decide how much financial aid and scholarships that will be going to students and universities, and they will have an impact on the way we do things with policy legislation. How the next few months play out will have an enormous impact on what resources UWF will have next fiscal and school year.
• In order to get ahead and make sure UWF’s needs are well known in the legislature. Dr. Bense has already begun meeting with our local delegation along with several board members. Chair Bear, Janice Gilley and Dr. Bense will be working with our local delegations and leadership in the legislature to persuade them to continue to support UWF. This is a team effort, and the board’s support in the legislature will have a meaningful impact as to whether we receive funding for these programs or not.
• Dr. Bense will be presenting UWF’s requests to the Escambia County Delegation meeting on Monday, December 15th. She also has several meetings scheduled next week with legislators and the following week Chair Bear and will meet with former Senate President Don Gaetz, who will be the Chairman for the Senate Appropriations Subcommittee on Education.
• Priority #1 - In these meetings Dr. Bense will be stressing to them how important it is for UWF to keep all the funding we received last year. She will thank the legislators for supporting UWF’s legislative agenda and encourage new leadership in the House and Senate to support UWF as well. She will go over UWF’s current legislative asks with them, in great detail. These programs will have a very meaningful effect on the university and will help immensely with raising the university’s performance metrics scores.
• UWF is requesting $2.5 million to create and sustain programs in Mechanical Engineering, Supply Chain Logistics and Advanced Health Professions. These are top priority academic programs and are needed to address professional workforce demands in our region.
• UWF is asking for $2.5 million for a new student success program. This will allow UWF to launch a series of initiatives aimed at creating a clear and visible path for students to graduate and achieve their career goals. We are focused and dedicated to helping students excel.
• UWF has a very successful Military Veterans Resource Center, run by Marc Churchwell on a shoestring budget. We know he can do so much more with additional resources. So, we are asking the legislature for $250,000 to expand their retention program. The mentoring and counseling program closely monitors our veteran students’ academic
progress to quickly identify any student who is in jeopardy of being placed on probation due to poor academic progress.

- These programs along with the renovation of our Laboratory Sciences building are essential to the continued success of UWF.
- Dr. Bense mentioned that several of our outstanding local legislators have received some very important leadership and committee assignments:
  - Rep. Clay Ingram is now Chairman of the House Transportation and Economic Development Appropriations Subcommittee. This is a significant appropriations appointment and he will also be serving on the full appropriations committee as well as Education.
  - Sen. Greg Evers is Chairman of the Senate Criminal Justice Committee.
  - Sen. Gaetz is Chairman of Senate Education Appropriations and his son, Rep. Matt Gaetz is Chairman of the House Finance and Tax committee.
  - Rep. Doug Broxson is Vice Chair of the Health Innovation subcommittee and a member of the House Veterans and Military Affairs Subcommittee.
  - Rep. Mike Hill was appointed to be Vice Chair of the Civil Justice Committee and is a member of the powerful House Rules Committee.

- Fall Commencement. Tomorrow at the Pensacola Bay Center. Morning ceremony begins at 10:00 a.m.; afternoon ceremony at 2:00 p.m.

Current market analysis indicates that the debt service savings accomplished by the refunding would be over 7% of refunding principal, net of issuance and escrow costs%. It is expected that the debt will be issued in March 2015, or such later date as market conditions may indicate.
