Chair Jones welcomed everyone in attendance and announced there were six action items and two information items on the committee’s agenda.

ACTION ITEMS

1. Approval of 2017 Florida Educational Equity Act Report was presented by Ms. Karen Rentz, Executive Director, Office of Equity & Diversity.

The Florida Education Equity Act Report is completed annually by each Florida public university and includes information on the University’s progress in implementing strategic initiatives related to equity and access in academic services, programs, and student enrollment; equity in athletics; and equity in employment as required by Regulation 2.003 Equity and Access. Each University’s Florida Educational Equity Act Report is approved by the Board of Trustees and is submitted to the Board of Governors. The Student Enrollment and Employment reporting focuses on females and members of specified racial/ethnic groups. The Athletics portion of the report focuses on gender equity on the basis of Accommodation of Interests and Abilities. The 2017 Florida Education Equity Report is based on 2015-2016 data.
In 2014, a UWF Student Diversity Goals committee was formed. The purpose of this committee was to collectively set student diversity goals for the annual Florida Equity Report. As a result, the student diversity goals were changed to three-year goals that will now cover the 2014/2015, 2015/2016, and 2016/2017 Academic Years (“AY”).

Chair Jones asked for a motion recommending the full Board, at its December 14, 2017 meeting, Approve the 2017 Florida Educational Equity Act Report as presented.

Motion by: Trustee Mort O’Sullivan
Seconded by: Trustee Bob Jones
Motion passed unanimously.

2. Acceptance of UWF Internal Auditing Reports Issued: Faculty/Staff-Led Student Travel 2016-17; Market Rate Tuition 2016-17; Petty Cash and Change Funds 2017-18. Presented by Internal Auditing Director, Cindy Talbert.

To provide UWF Senior leadership a short, clear overview of the PCard audits completed during the quarter and highlight results. The main objective was to report the status of PCard audits and any issues or findings requiring action.

Internal Auditing & Compliance (IAC) completed three audits during the period August 1, 2017, through October 31, 2017: Faculty/Staff-Led Student Travel, Market Rate Tuition, and Petty Cash and Change Funds.

**Faculty/Staff-Led Student Travel 16-17_006**

The audit period was January 1, 2015 through December 31, 2016 and was part of the work plan for 2016/17. The audit report was issued on August 22, 2017. The audit’s objectives were to evaluate controls over roles and responsibilities, safety and security, minimization of University exposure to liability, approval of travel events, qualification and/or training of faculty or staff who supervise student travel, monitoring of financial activity related to travel, and the additional requirements of international travel events for students.

**Results:**

Notable Strength: Some improvements to the standard University form “Travel Authorization Request” were noted during the audit entrance conference; we commend the Controller’s Office for promptly following through to make the needed changes to this form. This audit included three recommendations:

1. General Counsel and Environmental Health & Safety should collaborate to develop consistent, thorough, written policies and procedures, specifically designed to ensure the safety and security of student-travelers.
2. The University should develop training for faculty, staff, alumni, and registered volunteers who travel with students, that informs them of the risks involved and appropriate methods for responding to risks.

3. The University should ensure that adequate training is provided to students about how to mitigate risks involved with University-related travel.

Management’s Actions: Management has outlined various courses of action with the goal of everything being implemented by February 2018.

Market Rate Tuition 16-17_007

The audit period was August 22, 2016 through April 28, 2017 and was part of the work plan for 2016/17. The audit report was issued on August 10, 2017. The audit’s objectives were to ascertain compliance with BOG Regulations, to determine whether Continuing Education participated in the program and offerings, to determine if adequate procedures and/or policies were in place to ensure proper accountability, and to identify any metrics in place and/or monitored to measure the success of the program.

Results:

Notable Strength: The Director of Budgets in the Office of the Provost had established a comprehensive set of financial data that served to provide accurate and up-to-date information regarding the profitability of the program and enrollment statistics. One recommendation:

1. Departmental procedures related to market rate tuition should be enhanced and reviewed periodically for necessary revisions.

Management’s Actions: Management has outlined a course of action to meet implementation by October 2017.

Petty Cash and Change Funds 17-18_002

This audit was part of the 2017/18 internal auditing work plan approved by the BOT at its June 2017 meeting. The audit period was July 1, 2016 to June 20, 2017. The report was issued on August 11, 2017.

The audit’s objectives were to evaluate controls over petty cash and change funds, including authorizations, training, documented policies and procedures, periodic reconciliations, and physical security.

Results:

Notable Strength: Internal Auditing conducted an unannounced cash count that was in the custody of the Accountant in Business & Auxiliary Services. Despite this unexpected challenge,
the Accountant carried out a complex count involving numerous locations and computer systems, in a methodical, thorough, and conscientious manner, resulting in a count that agreed to the change fund issued. Internal controls were found to be strong, yet the following recommendations were made:

1. Recreation & Sports Services should ensure that responsibility for change funds is terminated when an employee leaves their position.
2. Business & Auxiliary Services should request a replenishment of the long-term shortage in the Postal Services change fund.
3. The Controller’s Office should make corrections to the change fund general ledger account balance as needed, and conduct periodic reconciliations to ensure that accurate balances exist.

Management’s Actions: Management has outlined various courses of action with the goal of implementing everything by December 2017.

After Ms. Talbert’s presentation, Chair Jones asked for a motion recommending the full Board, at its December 14th meeting, Approve the Acceptance of UWF Internal Auditing Reports Issued: Faculty/Staff-Led Student Travel 2016-17; Market Rate Tuition 2016-17; Petty Cash and Change Funds 2017-18.

Background

Internal Auditing has been charged with auditing PCard holder and approver activity as well as departmental activities and internal controls. The objectives of these audits were to determine if departments complied with UWF PCard policies and procedures, as well as to evaluate the level of understanding of PCard policies among PCard holders and approvers. UWF presently has 427 PCard holders distributed across 154 departments.
Notable Strengths
Files were well organized. Staff was well trained in PCard procedures. There was strong separation of duties.

Results for Quarter 1 (July 2017 – September 2017)
Eight (8) departments encompassing 55 cardholders were examined on a sample basis. Individual reports were distributed to department heads and Procurement & Contracts upon completion of the audits. Most Common Findings for Quarter 1 (July – September 2017)
1. The purpose of the transaction was not clear.
2. The Department Head did not review and sign the monthly reconciliation reports.
3. The monthly reconciliation report was not prepared.

Implementation: For PCard audit reports issued during the first quarter (July – September 2017), management will implement corrective actions to be completed in fiscal year 2017/18. Internal Auditing will follow up to determine if adequate corrective actions occurred.

Ms. Talbert explained that the one “poor” audit - FPAN – a remediation plan has been received by Internal Auditing. She said Dr. Lees was present and could answer questions from the Board. No questions were posed.

Chair Jones asked for a motion recommending the full Board, at its December 14th meeting, to Approve the Acceptance of Internal Auditing PCard Auditing Reports: Quarter 1 Update (July 2017 – September 2017).

Motion by: Trustee Mort O’Sullivan
Seconded by: Trustee Bob Jones
Discussion: Chair O'Sullivan asked Ms. Talbert why there is never a fully clean PCard report made to the Board. He asked if there is a way to address this.

Ms. Talbert responded by stating that Internal Auditing only wants to see excellence in PCard audits from this point forward. She reported that Internal Auditing reviewed the PCard training offered to university employees and found there were gaps in the training process. Internal Auditing is working with UWF Procurement on enhancing PCard training.

Ms. Talbert went on to explain that some newly-enrolled PCard participants may not completely understand their responsibilities. Internal Auditing identified new card holders, approvers, reconcilers and supervisors and have begun pre-audit visits with these individuals and providing critical information to enhance PCard training.

Ms. Talbert explained that in the first round just completed of 15-20 university employees were visited by Internal Auditing. The second round of pre-audit visits are beginning now. Internal Auditing has developed an email blast process, sending out reminder emails every 3-6 months of Pcard rules and responsibilities. Internal Auditing is hopeful that the audits will improve within 6-9 months of these new processes being put in place.

Chair O'Sullivan asked Ms. Talbert and her team to please tell university Pcard holders and approvers that the Board is tired of the problems, and want to see these problems solved.

Trustee Ramsey ask about patterns of poor PCard audits. Ms. Talbert explained the process is cyclical and Internal Auditing works toward auditing every Pcard holder once every two years. She explained that her team is auditing transactions within a 6-month period that has just ended. Internal Auditing is not looking over a multi-year span, only the preceeding 6-month period of time.

Chair Jones asked that when an area scores “poor”, is that university area or department automatically looked at within the next auditing cycle. Ms. Talbert explained that follow-up by Internal Auditing is conducted based on the recommended Management actions of each audit.

Trustee Lewis asked if there is a threshold of purchasing. She suggested if employees are not using Pcards, UWF should not continue to issue cards to these individuals. Ms. Talbert explained that some university employees only travel once or twice a year and using the Pcard for their travel is preferred.

Ms. Talbert went on to explain that Internal Auditing works with Procurement to monitor spending and spending limits.

Motion passed unanimously.
