Facilitator/Presenter: Dr. Michele Manassah, Executive Director of Counseling, Health & Wellness

**UWF Board of Trustees Meeting
Student Affairs Committee
May 15, 2019**

Issue/Agenda Recommendation: Leveraging Scholarships to Increase Housing Occupancy

Proposed Action: Informational

Background Information:

In an effort to increase the number of incoming students utilizing on campus housing, The offices of admissions, financial aid, enrollment affairs and the foundation have collaborated in an effort to leverage financial support to encourage more incoming students to choose on-campus housing.

The university has identified various subgroups of students who are Florida residents, living outside of Escambia, Santa Rosa and Okaloosa counties who are eligible for substantial need based aid.

This initiative will offer support to qualifying students that can be used for direct cost such as tuition, fees, campus housing, meal plans and books, to encourage students to reside in campus housing, by making it more affordable than off campus living.

The correlation between on campus living and student success will also be promoted as part of this effort.

Implementation Plan:

This plan is currently being executed in an effort to increase occupancy for academic year 2019-2020.

Fiscal Implications: N/A

Supporting documents: Powerpoint presentation

Prepared by: Dr. Kim LeDuff, Vice President Academic Engagement & Interim Student Affairs
