

# Policy

**University Policy SR-05.01-08/16**

**Policy Title:** Phlebotomy Policy  
**Originator:** Dr. Mark Roltsch  
**Responsible Office:** Research and Sponsored Programs

**Reason for Policy/Purpose:**

This policy provides standards for safely conducting human blood draws and requirements for obtaining human blood and human blood products for research purposes.

**Who Does this Govern and Who Needs to Know this Policy?**

This policy applies to all University of West Florida employees, students, and participants in research projects that involve obtaining human blood and human blood products.

**Policy Statement:**

# RESCINDED

The Department of Research and Sponsored Programs has established and will maintain standard operating procedures for human blood draw standards (<http://uwf.edu/offices/research-sponsored-programs/irb-compliance/institutional-review-board-irb/irb-forms-documents/>). Venipuncture will not be permitted except in accordance with these procedures.

**Change Justification:**

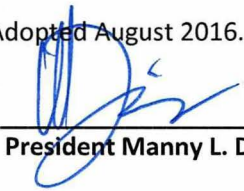

This is a new policy.

**Authority and Related Documents:**

Occupational Safety and Health Administration Needlestick Safety and Prevention Act (29 CFC 1910.1030).

**APPROVED:** Dr. Judith A. Bense, President **Date:** 8/23/16

**History:** Adopted August 2016.

**Rescinded:**   
President Manny L. Diaz, Jr.

**Date:** 6/11/26
