Inserting a Live Google Doc into Content in eLearning

You can insert a link to a live Google document as a Content item in eLearning, allowing anyone with the link to edit and work collaboratively on the document right inside of eLearning.

To embed a live Google doc as a Content item:

1. Log in to your UWF Gmail account.
2. Open Google Docs
3. Start a new document
4. Give your document a title
5. Click the Share button in the top right corner of the page
6. Click on “Get shareable link”

7. Under “Link Sharing,” select “On – Anyone with the link”
8. From the drop-down menu next to “Access” select “Can edit.”
9. Copy the shareable link and click “Done”

10. Log in to eLearning and go to the Content area
11. Select the Module where you would like to embed the Google Doc
12. Select “Create a Link” from the drop-down menu to add New content

13. Give your link a Title
14. Paste the shareable link into the URL field
15. Click Create
16. You now have a live Google doc inserted into your course content that can be edited right inside of eLearning.
