TurnItIn Academic Plagiarism Checker

Overview

TurnItIn is an online tool that helps faculty determine the originality of written materials presented by students in course assignments. All UWF faculty have access to the TurnItIn service and each faculty can make the service available to students in their classes.

Every paper submitted to TurnItIn.com is returned in the form of a customized Originality Report. Results are based on exhaustive searches of billions of pages from both current and archived instances of the internet, millions of student papers previously submitted to TurnItIn, and commercial databases of journal articles and periodicals.
