Searching for Course Offerings

Overview
Here you will find instructions on how students should search for available course offerings for a specific semester (courses available for registration for that semester). If you are not a UWF student or faculty, please use the public course option.

Registration
UWF is now offering "Schedule Planner". Schedule Planner is a tool designed to assist students with creating an ideal class schedule, taking into account any other regularly scheduled events or day/time preferences a student may have.

- See Using Schedule Planner for step-by-step instructions on how to utilize this new program!

For assistance with organizing your schedule, you may also use one or both of the scheduled organization tools below:

- Registration Planning Form
- Weekly Schedule Planner

In Summer 2015, UWF will pilot waitlisting functionality. Please refer to Using Waitlists for additional information.

Each semester has different Parts of Term, which may have different start and end dates according to the academic calendar.

When looking for classes offered in specific Parts of Term, be sure to use the Advanced Search option.

Part of Term 3 is listed as “Second Half Term.” For a complete listing of all PoT 3 courses, highlight all Subjects (hold Shift key to select all) and select Second half Term, under Part of Term:
Step 6: All available courses and sections will then appear. If a section of the course is available for registration, the check box in the Select column will be available.

- The following codes may also appear in the "Select" column:
  - C = Closed Class (The class is closed.)
  - NR = Not Allowed for Registration (Registration has not opened yet for this course.)
  - SR = Student Restriction (Your registration Time Ticket is not open, you have Holds, you are an Inactive student, your academic standing prevents registration.)
  - Blank = Closed course, seats available on waitlist. See the WL Cap, WL Act and WL Rem columns for information on total waitlist capacity, number of students actually on the waitlist, and number of seats remaining (available) on the waitlist.
