ArgoAir

Overview

ArgoAir is UWF's wireless network. Unlike public wireless networks, ArgoAir is secured to protect your information. To connect to ArgoAir, you must configure the wireless settings on your computer using the instructions below.

Services Available through ArgoAir

- Web (HTTP, HTTPS)
- Web-based email
- Streaming Media
- Instant Messaging
- eDesktop
- ArgoApps
- Printing via WEPA kiosks on the Pensacola and Fort Walton Beach campuses. Follow the instructions on the UWF WEPA website.
