Registering a clicker and license using eLearning for Students

Overview
Here you will find instructions on how to register a Turning Point Response Card RF (clicker) and license using eLearning.

Instructions
Students must register their clicker and license using the Turning Point link in eLearning. Registering your clicker links your clicker Device ID to your student number. Registering your license allows your answers to be recorded in your instructor's reports and in the eLearning Gradebook.

Step by Step Instructions

Step 1
Login to MyUWF.

Step 2
Once you login to MyUWF, click on the eLearning app.

Step 3
Open one of your eLearning courses. It does not matter which one.

Step 4
Click on TurningPoint in the navigation bar.
Step 5

Enter your UWF email and then click Create an account.
Step 6
A confirmation email will be sent to your UWF Gmail account.

Step 7
Login to your Gmail account and open the email from Turning Technologies.

Step 8
Click the link.
Step 9

Fill in the blanks and click the Finish button to create a Turning Account.

Step 10

Click Get Started.
Step 11

Students must register both the License Code (Subscription) and the Response Device ID. The image below represents the contents of a clicker pack. The handheld clicker and clicker license (subscription) are included.

![Clicker Pack Image]

Step 12

Redeeming your subscription. If you have your license code, enter it into the Subscription Code box as indicated below. The license code is located on the card inside your clicker box as shown. Once you have entered the License Code, click Continue.

If you do not have a License / Subscription code, you can purchase one when your registration is complete.
Step 13

Click Continue.
Step 14

Registering your Device. To register your handheld clicker, you will enter the six-digit Device ID located on the back of your clicker and then click Add.

If you do not have a clicker, you can purchase one after your finish registering.
Step 15

Click Continue.

Step 16

If you have a green check mark for Canvas. Click Finish.
