Respondus LockDown Browser & Monitor

Respondus Monitor® is a companion product for LockDown Browser (LDB) that enables institutions to protect the integrity of non-proctored, online exams.

Students use their own computer and a webcam to record assessment sessions, all without leaving eLearning.

Best Practices

- **Wording for Syllabus when using the LDB & Monitor for online exams** - Follow this link to sample wording that can be used in your course to explain that students must use LockDown Browser and a webcam (Respondus Monitor) for their online tests.
- **Preparing a quiz or exam** - Follow this link to instructions on setting up exams to require students to use LDB and Monitor.
  - Start with a practice exam - Ensure your first exam using Respondus Monitor runs smoothly! Have students take an ungraded practice quiz that requires the use of LDB and Respondus Monitor, before taking a graded exam.
  - Leave the quiz available for the duration of the course, with unlimited attempts, so students can check their setup from a different computer.

Resources & Support

- **Respondus Support Knowledge Base - FAQ's**
- **Reviewing webcam videos** - Follow this link for instructions on viewing the videos once exams are completed.
- **Quick-Start Guides for Students and Instructors**
  - more information and instructions for using LDB and Monitor.
- **Training webinars from Respondus** - http://www.respondus.com/webinars/
- **Using the Help Center for Lockdown Browser & Respondus Monitor**
  - Here are some useful details about the Help Center for LockDown Browser

**Watch this three minute video:**

**How It Works**

- Students start LockDown Browser, log into the LMS and complete a brief startup sequence prior to the exam
- The student and the surrounding environment are recorded during the entire exam
- Instructors can quickly review details of the assessment, and even watch the recorded video

**Why It Works**

- Cheating is deterred with a low-hassle, easy-to-use system
- Students appreciate a level playing field and the ability to take exams anytime
- Administrators ensure student identity and exam integrity in distance learning environments

**Created for Universities**

- Integrates seamlessly with the LMS
- No limitations to the length or number of exams
- Students don't need to schedule exam sessions in advance
- Provides a cost-effective solution for individual courses or the entire institution
