Originator	Dr. Martha D. Saunders, President
Current Status	Draft Policy is out for Comment from March 6, 2020 to April 7, 2020
Abstract	The health and safety of students at the University of West Florida (UWF) is of great importance. In cases of medical emergency or crisis, students are expected to render aid for others in the University community by seeking help from appropriate medical personnel and University staff. The University is thankful to the students who take an active role in rendering aid for fellow Argonauts by acting in responsible and timely ways during a serious situation such as hazing, sexual assault, or alcohol or drug overdose. Seeking help that is critically needed for a fellow Argonaut shows courage and leadership.
